

Power supply voltage	195÷265 V AC
Installation	2-wires
Maximum AC-1 load current	1,3 A
The executive element	triac
State memory	YES
Status memory after power failure	NO
Maximum power of connected bulbs	300 W
Current pulse	less than 1s
Application	lighting, incandescent, halogen, toroidal transformers
Control the load	switching off at 0 (for inductive and resistive loads)
Terminal	pluggable terminal blocks 2,5 mm ²
Tightening torque	0,4 Nm
Power consumption	0,1 W
Working temperature	-25 ÷ 50 °C
Dimensions	Ø54 (48×43 mm), height: 20 mm
Assembly	in a flush-mounted box Ø60
Ingress Protection Marking	IP20
