

Power supply voltage	230 V AC
Installation	2-wires
Maximum AC-1 load current	1,3 A
The executive element	triac
State memory	NO
Status memory after power failure	NO
Maximum power of connected bulbs	300 W
Application	incandescent and halogen lighting, toroidal transformers
Control the load	switching on at 0 (for resistive and capacitive loads)
Terminal	pluggable terminal blocks 2,5 mm ²
Tightening torque	0,4 Nm
Power consumption	0,1 W
Working temperature	-25 ÷ 50 °C
Dimensions	Ø54 (48×43 mm), height: 20 mm
Assembly	in a flush-mounted box Ø60
Ingress Protection Marking	IP20
