

Power supply voltage	230 V AC
Installation	3-wires
Maximum AC-1 load current	1,5 A
The executive element	triac
State memory	YES
Status memory after power failure	NO
Maximum power of connected bulbs	350 W
Application	incandescent and halogen lighting, toroidal transformers
Control the load	switching off at 0 (for inductive and resistive loads)
Terminal	pluggable terminal blocks 2,5 mm ²
Tightening torque	0,4 Nm
Power consumption	0,1 W
Working temperature	-25 ÷ 50 °C
Dimensions	1 module (18 mm)
Assembly	on rail 35 mm
Ingress Protection Marking	IP20
