Unipolar flat mounting busbar support SB 205 100mm

With insulating bar supports you can mount and attach the busbars inside the electrical panel and cope with the forces experienced by the busbars during a short circuit.

Strong points

- Insulating materials
- Durability
- Adaptability

General characteristics

- High dielectric strength.
- High mechanical resistance.
- Amagnetism of assembly parts.
- High resistance to damp heat ("tropicalised" as standard).

Compliance with standards

- IEC 61439-1
- IEC 60865-1
