

Power supply voltage	12 V DC
Installation	2-wires
The executive element	transistor
State memory	YES
Status memory after power failure	NO
Power of connected LEDs	36 W
Application	LED lighting (dimmable)
Control the load	PWM (universal)
Terminal	6×LY 0,75mm ² ; length: 10 cm
Power consumption	0,1 W
Working temperature	-25 ÷ 50 °C
Dimensions	Ø 55 mm; height: 13 mm
Assembly	in a flush-mounted box Ø60
Ingress Protection Marking	IP20
