⊕ *Technical characteristics (p. 913)*

Pack	Cat.Nos	Traffic detection - Infrared technology
		Ceiling mounting detector
1	488 03	Set via a thumbwheel 360° - detection Ø: 7 m IP 20
	Grey 697 40 / White 697 80	**Wall mounting detector**
1		360° - detection range: 12 m IP 55
1	488 11	270° - detection range: 15 m IP 42

Passage detection - Infrared technology

Set via a thumbwheel. With manual ON, can be switched on manually/switched off automatically
Possible override with remote control Cat.No 882 31 and configuration tools Cat.Nos 882 30 or 882 35

Pack	Cat.Nos	
1	488 01	Ceiling mounting detector 360° - for areas up to 47 m²
1	488 02	Ceiling mounting detector with fast connection connector 360° - for areas up to 47 m²

Detectors with power packs

Power packs
For large areas or where several circuits are necessary
Set via a thumbwheel. With manual ON, can be switched on manually/switched off automatically
Up to 10 detectors can be connected to power packs

Pack	Cat.Nos	
1	488 49	1 output - 16 A
1	488 50	2 outputs: 1 x 16 A + dry contact 1 volt-free output for connecting a VMC or a second lighting load

Flush-mounting detectors for power packs

1	488 20	Wall-mounting detector - IR 360° - for 47 m² areas
1	488 21	Ceiling mountitng - Ultrasonic 360° - for 190 m² areas
1	488 22	Wall-mounting detector - dual-technology 360° - for 93 m² areas

Surface-mounting detectors for power packs

1	488 23	Wall-mounting detector - dual-technology 270° - 15 m range
1	488 24	Wall-mounting detector - IR 270° - 15 m range
1	488 30	Wall-mounting detector - IR 270° in main areas detection (in front, range 16 m) 360° for areas below the product (better detection when installed above a door opening) IP 55

Digital passage detector, preset

IR/Ultrasonic or dual-technology
Factory settings:
- light level: 500 lux
- time delay: 20 minutes
- walkthrough function activated
- retrigger mode active
- adjustment by IR commissioning tool
Can be switched on manually/switched off automatically remote control Cat.No 882 31 and configuration tools Cat.No 882 30 or Cat.No 882 35

For small areas, technical places

Pack	Cat.Nos	
1	488 07	Ceiling mounting detector - IR 360° - for 47 m² areas IP 20
1	488 08	Ceiling mounting detector equipped with fast connection connector 360° - for 47 m² areas

For large areas, stairwells...

| 1 | 488 05 | Ceiling mounting detector - Ultrasonic
For 190 m² areas
IP 20 |

For all types of areas

| 1 | 488 06 | Ceiling mounting detector - dual-technology
For 93 m² areas
IP 20 |
| 1 | 488 10 | Wall-mounting detector - IR
270° in main areas detection (in front, range 16 m)
360° for areas below the product (better detection when installed above a door opening)
IP 55 |
